Salt Lake City, Utah- Jonathan Johnson, Republican candidate for Governor endorses Republican candidate for President Ted Cruz in the following statement:

"I believe Ted Cruz is a man of principle and a man of his word. He has proven that he willing to stand up to cronyism within government and do what is right, even when it is not popular.

Ted will make the right decision on critical Supreme Court appointments, he will be a strong champion for national defense, he will reform our broken tax code, and he will transfer Utah's public lands back to rightful state ownership.

As Utah's next Governor, I plan on being an effective fighter for limited government, localized decision making and transformational improvements in Utah's education system. I look forward to working with Ted to make these top priorities a reality for Utah and the nation."
